

Demo 2 - Encore

Encore your design in one of 25 Shapes, 10 lines or your hoop in 5D™ Embroidery. Create designs up to 2 x 2 m in size. Adjust any design to fit YOUR project background in 5D™ Embroidery Extra. Split your design into the proper size areas with the Split Project Wizard, also in 5D™ Embroidery Extra.

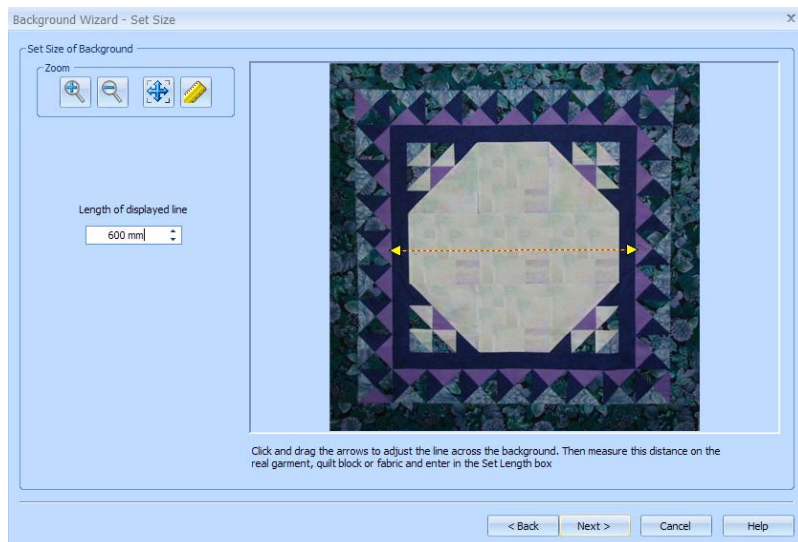

- Open 5D™ Embroidery Extra .
- Click Hoop  then select Enter Hoop Size.
- Set the Height and Width to 600 x 600 mm. (You can create a project up to 2 x 2m!)

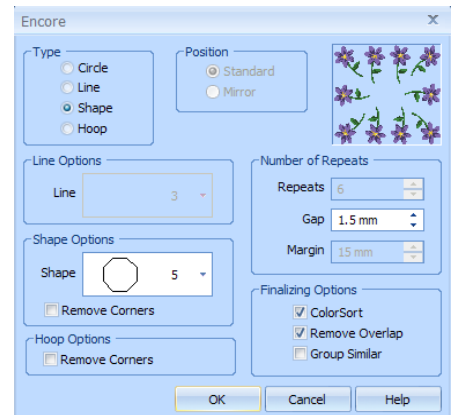

- Open the Background Wizard.

Use the Background Wizard so you can create your design specifically for YOUR project.

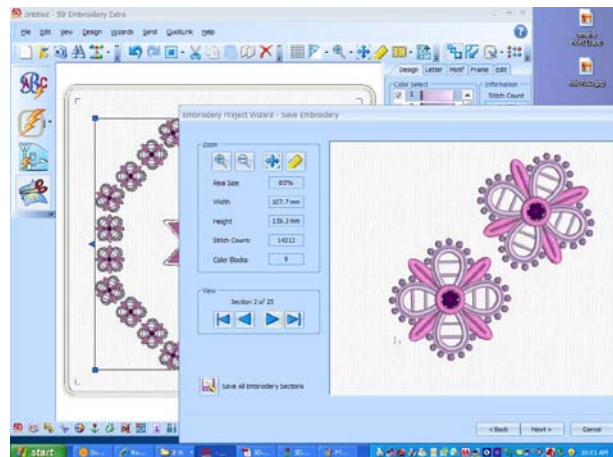

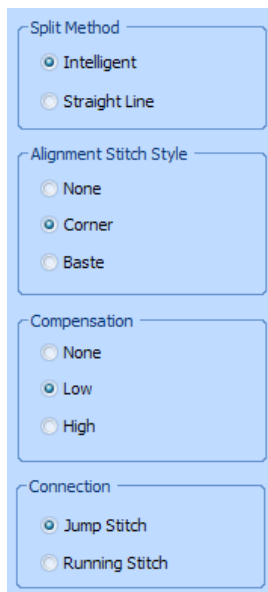

- Add a New Background.
- Click View Picture . (Choose the Blank Center picture that you downloaded with this demo.)
- Click “Next” through the wizard.
- Do not rotate.
- Crop to the outside of the quilt. (Take away the outside wall.)
- Move the displayed line to touch the inside dark border of the quilt.
- Change the Length of Displayed line to 600 mm. (This matches the size of your entered hoop.)
- Change the name of the quilt block to “Purple Quilt”. Finish.
- Zoom to Fit  – if needed.

- Click Move Background  and move the quilt to the center if needed.
- Click View Designs . Browse  to Documents\5DEmbroidery\Samples\5DEmb\Stitch2\Geometric then click OK.
- Select Shawl Cutwork flower 2.vp3 then close the browser.
- With the design chosen click Encore .
- Encore in an octagon shape. Make sure Shape is chosen and Shape Options is set to 5.
- Set the Gap to 1.5mm then click OK.
- Click and drag the two handles until the design follows your large center block. Right click to set.
- Add other embroideries to complete your design on your project. Choose Shawl Stare.vp3. (Rotate, Resize and Mirror as you want!)
- CombineAll  designs.

- Use the Split Project Wizard  to split your large design into the correct number of hoopings for your machine hoop size.
- Choose the following settings:

- Click next and see how the large design is split into sections for your hoop.
- Save the sections and then click next to see your printing options.
