PFAFF®

Demo 1 – Snap Lettering

5D™ Embroidery Lettering "snaps" around or below the design. See metallic threads on screen. With 5D™ Embroidery Extra, adjust any design on YOUR project background.

- Open 5D™ Embroidery (5D™ Embroidery Extra) 🔴.
- Click Hoop and select the 260mm x 200mm creative Elite Hoop with a Vertical Orientation then click OK.
- Click View Design 🔷 then Browse ⬚ to Document\5DEmbroidery\ Samples\5DEmb\Stitch2\Geometric. Choose Shawl Geometric Flower.vp3 then close the viewer.
- Click Resize 🔷 and make the design larger.
- Click Center in Hoop 🔷.
- Go to the Letter tab.
- In the Decorative category, choose the Curlew font – one of 119 pre-digitized fonts.

Notice the new Font Preview Window!

- Change size to 25 mm. *Hover over the number and see your design in inches (or mm if you have inches chosen).*
- Choose Line Type Full Circle 🔷.
- Type in: "See Your [Ctrl Enter] Imagination". Enter or Apply.

Watch the Letter "snap" around your chosen design. (Make sure you have the design chosen.)

- ColorSort 🔷 the lettering and change colors to see metallic threads.

In 5D™ Embroidery Extra:

- Use the Background Wizard 🔷 to adjust your design on YOUR project.
